

Ergonomic picking cart

NOW with continuous
adjustable spring force!

We bring **flexibility** to your logistics!

www.awp.be

ADVANTAGES:

- Individually adjustable spring force depending on the product – fastest work at the highest level!
- Intuitive operation without prior knowledge
- Constant loading and unloading height even with goods of different weights
- Unique on the market
- Made of anodised aluminum - light, robust and abrasion resistant

SIMPLE OPERATION:

- Spring force easily adjustable – lightly pull the handle upwards and then slide it
- Continuously adjustable in the working process
- Spring force from approx. 25 to 70 kg – continuous adjustment range of approx. 45 kg.
- Flexible adjustment possible at any time
